

Penn's Landing CAP Specialty Consultant RFQ Questions

Planting Soils Design Questions

- 1. We do not work in CAD, but rather provide PDF markups of the landscape architecture or engineering firm's drawings and sections related to planting soils. Would our inability to produce our own CAD plans disqualify our firm from consideration for this project?**

The inability to produce CAD plans does not disqualify you from consideration. The landscape architect will be able to take your marked up PDFs and incorporate into their CAD drawings.
