#### **ABOUT THE DELAWARE RIVER WATERFRONT CORPORATION**

DRWC is a 501(c)(3) created in January 2009, exclusively for the benefit of the City of Philadelphia and its citizens. The fundamental purpose of DRWC is to design, develop, program and maintain public amenities such as permanent and seasonal parks, trails, and streetscape improvements to transform the waterfront into a vibrant destination for recreational, cultural, and commercial activities for the residents and visitors of Philadelphia as is consistent with the goals of the Master Plan for the Central Delaware. Daily programming throughout the entire year is changing the way Philadelphians see and converse about the waterfront, and is helping to create spaces and communities that connect residents and visitors to the waterfront.
